

RADIO TARA

Radio Tara is the project name for a commercial longwave station to operate on 254 kHz with two 300 kW transmitters beamed to the UK. The project is a joint venture between RTE and Radio Luxembourg. It is due on the air during 1988, probably under a different name. We regret that full details were not available at time of editing.

PRIVATE STATIONS

N.B: The following st's are unlicensed.

kHz	Name, location and h. of tr.
1) 531	Sunshine R, Dublin: 24h
